

# DAWFLO<sup>™</sup> ENSEMBLE

## CLAIM TO FAME

- Circulation enhancement through gradient pressure
- Helps venous return, capillary stimulation when properly fitted
- Reduces or eliminates irritation and bruising
- Moisture barrier, substantially decreases perspiration
- Helps keep skin dry
- Frictionless ensemble without piston action
- Unique limb/prosthesis bond
- Can be machine washed and tumble dried: No shrinking, retains softness, elasticity and gradient pressure

## DAWFLO<sup>®</sup> ENSEMBLE = DAWFLO<sup>®</sup> Sheath + Sock

Worldly acclaimed as the finest Sock / Sheath system, it provides the ultimate care of the residual limb by helping promote venous return. A technical breakthrough together with old-fashioned workmanship in handsewing brings a matchless level of quality. The **DAWFLO** Sock / Sheath ensemble is one of the greatest advancements in prosthetic care – it is not “just another sock”.

The **DAWFLO** Sheath has a soft surface next to the skin made of the finest sheer material. An outside surface that grips the **DAWFLO** Sock, preventing movement between Sheath and Sock. It also provides a ventilated mesh which allows perspiration to pass through.

The **DAWFLO** Sock has a soft side, made of pure wool, that “clings” to the outside of the **DAWFLO** Sheath. The **DAWFLO** Sheath and Sock become integrated, yet keep their individual functions. An outer surface, made of synthetic fibers, provides better adherence to the inside of the socket.

When properly fitted, it supports the skin and muscle tissue of the residual limb. The **DAWFLO** Sock is highly effective in helping to create a perfect, total fit of the prosthesis to the limb. Because the inside is made of the finest 100% virgin wool, the **DAWFLO** Sock is very efficient in absorbing perspiration. Available in 3, 5 and 6-ply. The special design allows for easy circulation of the air, thus evaporating perspiration. Besides wool, it can also be ordered in Cotton.

## HOW TO ORDER

Please refer to the chart in Section 1.1F, p.02
