

# DAWFLEX™

## Claim to fame

- Patented DAWFLEX™ design provides maximum knee flexion without interfering with function of the prosthesis
- Made from an extremely resilient ultra-lite foam for lifelong durability
- Available in four sizes, the DAWFLEX™ is easily shaped and modified to accommodate any custom shaping requirements
- Adaptable to any and all above knee modular prosthetic systems
- Cost Effective

(L-R) 1-Part AK DAWSkin & the DAWFlex

The durability of 1-part foam covers has always been a concern for the active amputee – Here is finally a great solution combining looks and durability thanks to a plastazote like foam material and a patented honeycomb knee design. Finishing DAWFLEX™ with the AK DAWSKIN™ in the color of your choice will enhance its beauty and durability.

### ORDERING INSTRUCTIONS

1. Measure "C" on patient's leg as shown in diagram.
2. Find "C" on chart - *this is your size*.
3. Check other measurements to verify that size is correct.  
(These other measurements do not need to be exact.)
4. Once you have determined the size, refer to the "Stock Numbers" chart below to find the corresponding stock number.

### Claim to fame

- Excellent stretch capability
- Superior shaping foam

### R<sub>x</sub> INDICATIONS

- LOWER EXTREMITY AMPUTEE REQUIRING A DURABLE, COST EFFECTIVE, AND SHAPABLE FOAM COVERING.

**HIGHLY  
RECOMMENDED**  
DAWSkin™ in Matching Color

These lightweight cosmetic covers are a cost effective approach to obtain an extremely cosmetic lower extremity prosthesis. The above knee covers are available in two calf measurements, 36 cm and 40 cm. The below knee covers are available in the standard foam core style. AK DAWSKIN™ will provide a soft flexible durable skin-like texture and feel which will slip on and off easily (see Section 9.2A p.02a). DAWSKIN™ provides a waterproof seal for life-like cosmesis and life-long durability.

\* Strength of Lamination is an essential factor.
